ForeverLawn of Ohio Inc.  
500 S. Prospect Ave. Suite 1  
Hartville, OH 44632

To: The ForeverLawn of Ohio Team,

This letter is to express our sincere thanks for the great job your crew did to install our K-9 Grass in our "Potty Yards". From our initial phone conversations to our site-meeting to the installation, your team was courteous, professional and knowledgeable.

We had real grass in our potty yards when we first opened, but when 100 dogs are relieving themselves several times a day in two 30'x30' yards, real grass doesn't stand a chance! The K-9 Grass was the perfect solution! It has been 8 months since the installation and we couldn't be happier. It is easy to clean, has stood up to the worst winter in Ohio in many years, and the dogs took to it immediately.

When we had real grass, we received reports that some dogs that had boarded here had contracted a bacterial infection that can only be transmitted through direct contact with canine feces. Since the K-9 grass went in, and we have been able to thoroughly hose away any "poopy smears" we have received no such reports. It is a safer, more sanitary solution that we will *forever* be happy we decided to contact ForeverLawn of Ohio to install for us. Thank you again for a job well-done.

Sincerely,

Lesley McBurney

Manager  
Fairlawn Pet Resort & Spa

P.S. We are expanding our facility in another year or so and we **WILL** be contacting you to install K-9 Grass in our indoor dog park.
