Dale Karmie
5801 Mayfair Rd., Ste. 4
North Canton, OH 44720

Dear Dale,

On behalf of the Four Seasons Resort Scottsdale at Troon North, I would like to thank ForeverLawn for a job well done. As a world-class resort, the Four Seasons is known for its top notch facilities. When considering artificial turf as a solution to our natural grass issues, our goal was not to find the least expensive product, but to identify a product and installation that would offer the quality to match our distinctive brand. Our research brought us to ForeverLawn. We were impressed with the information your company provided, appreciated the fact that you have a partnership with DuPont, and had positive experiences with ForeverLawn products at other Four Seasons resort locations.

The first project that ForeverLawn completed at the resort was a large courtyard and an area around the pool. We chose DuPont™ ForeverLawn® Select LX for the natural look and durability in heavy traffic areas. We were so pleased with this project, and received such positive feedback from our guests, that we contacted ForeverLawn about a year later and had the product installed in three more areas that we use for entertaining and receptions. The appearance of the ForeverLawn grass has complemented the landscaping at our facility. The grass is not only natural looking, but provides a vibrant, well-groomed appearance that looks outstanding. We couldn't be more satisfied with value we have added to the resort.

Our experience with the ForeverLawn team was as equally impressive as the final appearance of the projects. We appreciated the professional and responsive support of the installation crew. We are glad we chose ForeverLawn as a partner on these projects, and would not hesitate to recommend them or call on them for future needs.

Sincerely,

Marc Bromley
General Manager
